CNC Electric Wholesales is a minority-owned, family-operated electrical materials warehouse. Our founder Robert—a licensed electrical contractor and Vietnam War refugee—opened the first store on Oct. 5, 1985 with his wife Laura at a small industrial warehouse on Valley Boulevard in LA's El Sereno neighborhood.

Since the beginning, CNC Electric Wholesales has catered to an underserved immigrant contractor market. Today, we continue to take pride in providing professional, knowledgeable, friendly and multilingual assistance to all customers.
